

BAY RUN - CITY OF CANADA BAY COUNCIL

ENE.HUB have designed, constructed and commissioned a Smart City Network of 10 SMART.NODE's™ for the iconic Bay Run in Canada Bay. ENE.HUB is now licensed to operate and maintain this Network for the next 15 years on behalf of Canada Bay Council. This popular, iconic and picturesque site can now be recognised from great distances thanks to the distinctive and programmable LED Beacons.

DELIVERED SMART CITY SERVICES:

- < 4G+ Telecommunications (multiple carriers)
- < Programmable LED Beacon
- < Wi-Fi
- < Smart controlled LED Roadway and Pathway lighting
- < CCTV
- < Banners
- < Capacity for future Smart City Services

Completed in November 2016
