

CITY OF LOS ANGELES

– SMART CITY / CO-LOCATION PROGRAM

ENE-HUB have been invited by the City of Los Angeles to participate in a Smart City / Co-Location Program pilot. The objective of this pilot is to establish the new and standard Smart City 'Smartpole' for the City of Los Angeles. The SMART.NODE™ by ENE.HUB is currently operating in LA. ENE.HUB's role is to deploy, commission, manage and maintain the Smart City Network of SMART.NODEs™ on behalf of LA City.

DELIVERED SMART CITY SERVICES:

- < 4G+ Telecommunications (multiple carriers)
- < Programmable LED Beacon
- < Wi-Fi
- < Smart controlled LED Roadway and Pathway lighting
- < CCTV
- < On street, electric vehicle car charging
- < Data capture
- < Help points
- < USB Charging
- < General Power Outlets
- < Banners
- < Capacity for future Smart City Services

This project is ongoing.
