

MERCURY SILVER

BLACK ONYX

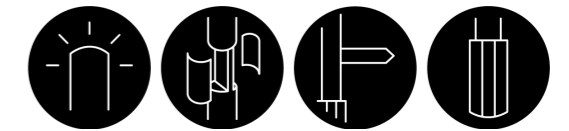

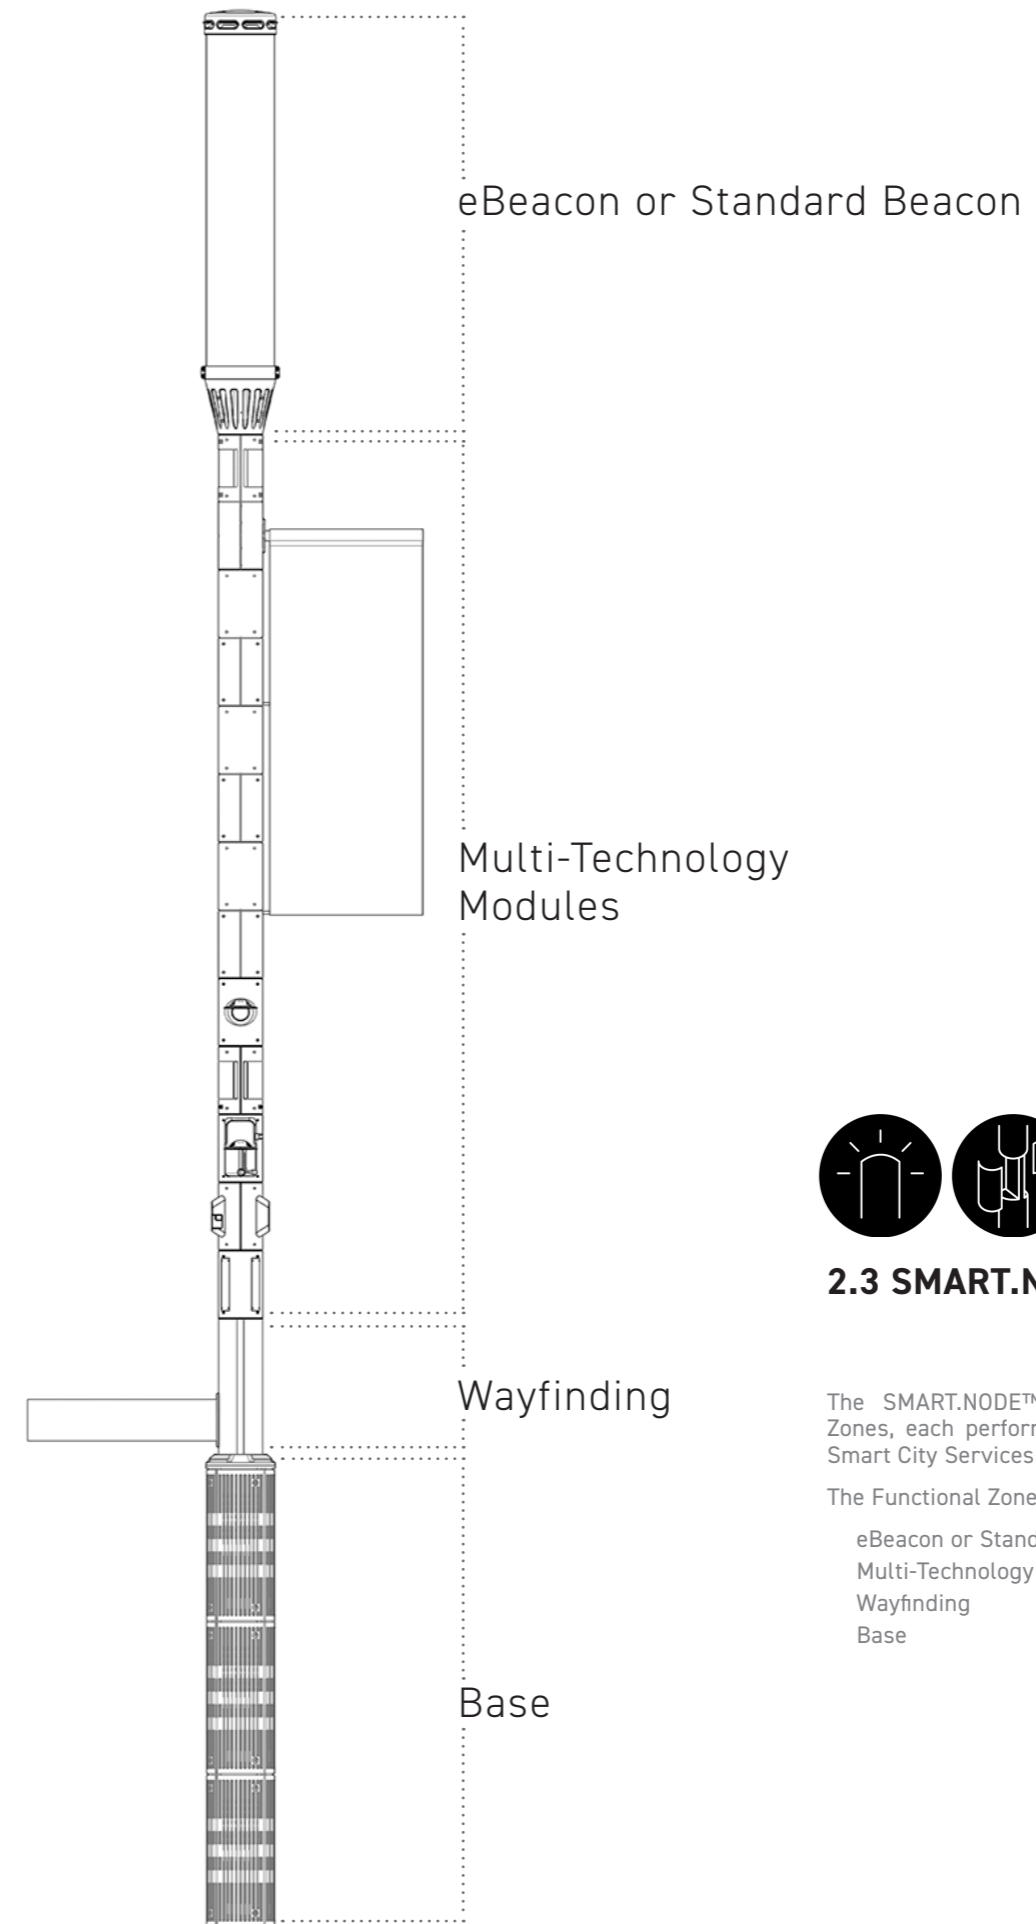

STORM FRONT

## 2.2 SMART.NODE™ Standard Colours

The SMART.NODE™ is available in a select range of colours supplied by Interpon Powder Coatings.

As part of the Interpon Vivica™ Pearlescent Range, the three standard powder-coat colours offered are:

-  Vivica™ Mercury Silver Satin GW003K
-  Vivica™ Black Onyx Satin GY042A
-  Vivica™ Storm Front Satin GL249A

## 2.3 SMART.NODE™ Functional Zones

The SMART.NODE™ is made up of four Functional Zones, each performing different functions that enable Smart City Services and data collection.

The Functional Zones include:

- eBeacon or Standard Beacon
- Multi-Technology Modules (MTMs)
- Wayfinding
- Base
